

Main table containing race details for 11R. It includes columns for race type (e.g., 追, 差), horse number (e.g., k01, k02), horse name, jockey, and performance data across multiple races. The table is organized into rows for each horse, with sub-rows for different race segments.

Additional table section at the bottom of the page, likely providing further race details or a continuation of the main table's data for other horses or segments.
